Here's how we play: The KowChip Bingo field at the Simi Valley Days Carnival Site is divided into 3,000 plots which are randomly numbered and sold for \$10.00 each. Five cows are then turned out onto the KowChip Bingo field and the first four squares where the KowChips fall will be prize winners! If the KowChip falls on a line, prize money will be divided equally among owners of all affected plots regardless of the volume on each plot. If the KowChip falls on an unsold plot, we will move one plot north and then clockwise to find a winner. All decisions of the KowChip Bingo Judges are final!
